HUNS FLEE FROM BELGIUM

ALLIES TAKE 3 TOWNS IN COURSE OF THE DAY

LONDON, October 18.—The whole Belgian coast is confidently expected to be freed of the enemy today. Reports that Bruges already has fallen, and that Zebrugge has been evacuated, are generally credited, but have not been confirmed officially. It is understood that Blankenberge (five miles west of Zebrugge) has been captured.

Belgian Infantry Welcomed As Bruges Is Entered.

LONDON, Oct. 18.—Belgian infantry entered Bruges, receiving an enthusiastic welcome, a dispatch from the British front announced this afternoon.

Tourcoing and Roubaix Are Reported In Hands of Allies.

PARIS, Oct. 18.—Tourcoing and Roubaix are reliably reported to have been captured by allied troops.

Advance of Twelve Miles Reported and 4000 Prisoners.

LONDON, Oct. 17.—Allied troops today advanced more than 12 miles on the whole 35-mile front between the North Sea and the Lys river. Field Marshal Haig announced tonight.

Prisoners taken in yesterday's Anglo-American attack between Esch and Le Cateau exceed 4000.

Belgian cavalry is at the gates of Bruges.

British troops continue to advance on the whole 30 mile front between the Somme canal and the Lys river. Field Marshal Haig announced today.

Additional progress has been made east of Douai and several villages have been captured southeast of that city.

Huns Trying To Meet Terms Fixed By Wilson.

WASHINGTON, Oct. 18.—Germany and Austria are now going

EVER WANT MONEY QUICK?
Ever been in this predicament? You are a person, then, who appreciates the advantage of a savings account. Your money is ready when you call for it. You don't have to wait. You don't have to discount. You don't have any inconvenience of any kind. You just get your money, that's all. We pay 4 per cent interest, compounded semi-annually.

"At The Sign of The Clock"

Meyers Lays Pipe In Territory Of M'Ewens--Row on

War has broken out between McEwen Brothers, owners of the water system serving the Santa Fe district and the Pullman Water Company. Yesterday the McEwens complained to the Railroad commission that Fred A. Meyers, acting for the Pullman company, laid a pipe system to the rear of the houses at 404 and 412 South Sixteenth street.

The McEwens claim they never gave Meyers permission and that they are a public utility supplying water to inhabitants of Richmond, including the houses mentioned. Without consulting anybody, it is asserted, Meyers ran a pipe to the rear of these houses and is now supplying them with water. McEwen Brothers ask that the Railroad Commission order Meyers to discontinue service and remove his pipe lines from the territory served by the complainant.

GAS
Application was made today by the Contra Costa Gas Company to the State Railroad Commission for an increase in gas rates. The com-

BROOKS MADE HEAD OF ECONOMY BOARD

Judge R. H. Lattimer, acting upon instructions from the State Council of Defense, has appointed C. H. Hayden, of Martinez; A. V. McPaul, of Pittsburg; and Joseph Brooks, of Richmond, as a committee on "Commercial Economy."

The duties of this committee, in a general way, is to look after the conservation of labor. The urging of merchants to make but one delivery of purchases per day; request that stores be closed at 6 o'clock p. m., etc.

This is an important work and will doubtless be handled efficiently, as the men appointed are of the brand that "do things."

through a process of meeting, in a part at least, President Wilson's peace terms. Some of this "knuckling down" may be only outward show; and some of it just enough to prevent the tumultuous political cauldrons of the central empire from boiling over.

That was the view here today regarding reported German and Austria-Hungarian political reforms, and persistent reports that Germany was applying no torches to her path of retreat and was calling home her U-boats.

These reforms may be regarded in Germany as meeting the president's demands; on the other hand, they may mean that Germany and Austria are appeasing their own people.

Spalding Is Better.

Walter A. Spalding, 777 Ninth street, victim of influenza and whose temperature reached 106 on Thursday took a turn for the better yesterday.

Druggists Rushed.

At no time in the history of local drug stores has there been such a rushing business. Every firm in the city is purchasing Dobell's solution for employees.

pany serves artificial gas to consumers in Pittsburg, Antioch, Concord, Martinez, Crockett and adjacent territory in Contra Costa county. The company asserts that war conditions have so increased its operating expenses that higher rates are necessary, and it asks them in a form of a surcharge on the present rates, but does not fix the amount of surcharge to be granted.

The Railroad Commission in March granted an increased schedule of rates to the Contra Costa company because the commission found at that time that unless an increase was granted the revenue would not meet actual operating expenses. The new rates were expected to produce a revenue of \$1.54 a thousand feet for gas sold.

The rates fixed in March were \$1.10 for the first 500 feet, \$1.70 a thousand for next 2000 feet, \$1.50 a thousand for the next 3500 feet, graduating to 30 cents a thousand for 15,000 feet or more, with a discount on all bills of 10 cents for prompt payment.

RED CROSS FUNDS NEARLY ALL PAID

Out of a total subscription of \$48,816.53 all but \$1332.57 has been banked to the credit of the Red Cross, and the committee which conducted the Second Red Cross War drive asks that every one owing the fund a dollar pay it at the earliest opportunity so that the books can be closed.

ALBANY WINS IN SUIT FOR \$5,000

The District Court of Appeals, in an opinion written by Presiding Justice Thomas J. Lennon, yesterday reversed the decision of the lower court and awarded the city of Albany judgment for \$5000 damages for the failure of E. A. Gove and his heirs and representatives to complete a contract for the construction of a street railway within the boundaries of the city. Gove died shortly after beginning work and the road was never finished. The city sued for damages on the bond furnished by the United States Fidelity and Guaranty Company.

Williams Held.

Frank Williams, arrested for passing two small checks on local merchants was given a preliminary examination yesterday and held to answer to the Superior Court with bond fixed at \$1,000.

Eye Ball Removed.

H. H. Hubert, 1115 Clinton avenue, employee of the Certain-Teed Products Company had his left eye ball removed at the Merritt hospital in Oakland yesterday. He was injured at the local plant some time ago.

SALOONS TO BE CLOSED AT LEAST A WEEK

John Barleycorn and influenza fought a seven hour battle yesterday with the result that influenza succeeded in giving the old boy the first knockout of his long career in Richmond. Indications are that it will be at least eight days before the swinging doors will again go back and forth, and the familiar klink of glasses and the hum of the merry voices will be heard.

The battle began at 11 a. m. yesterday when Health officer Dr. Charles R. Blake ordered Chief of Police Walker to close the saloons. After issuing the order Blake hid himself to Crockett and Rodeo where he closed everything up, including the bar rooms.

Then the doctor came back to Richmond to find that his order had not been obeyed and the saloons were doing a rushing business. Querying a saloonman the doctor found that the Chief had allowed the saloons to reopen believing that the closing of them was a matter for the council to decide.

Blake stated there could be no council meetings as long as old dad influenza had the freedom of the city. Then the doctor got busy and called up members of the council. Result—the swinging doors were put under lock and key at 7 p. m., just when the places were crowded with men, thirsty after a hard day's work, and who had plenty of money for it was pay day.

It was a hard blow for John to undergo but orders are orders and the saloons quit. The lid slid into place at 7 p. m. and for the first time Richmond is a dry town. The wholesale houses were allowed to continue but must sell no drinks on the premises.

It will be a week or ten days before they reopen, according to the health officer.

CHARLES SHEAFFER INFLUENZA VICTIM

Another death was added to the toll taken by the dreaded influenza yesterday when Charles E. Sheaffer, 1601 Potrero avenue, died at a local hospital. Sheaffer drove the Curry soda water wagon for some time and was also an employee of the Standard Oil company during his residence here. Mrs. Sheaffer is also very ill. The remains have been taken to the Curry parlors.

No Cases of "Infl.".

There is not a case of Spanish "flu" on the Yerba Buena Island naval training station, according to an announcement made today by officials on the island.

If the influenza epidemic is not checked, the station will be kept in quarantine until Christmas, officers at the station declare.

Three Died Of Infl Friday

Health authorities, battling against the spread of influenza were more optimistic yesterday, although 116 new cases were reported and three deaths occurred. They were hopeful of speedily checking the disease because of the drastic precautionary methods taken.

It is confidently believed by the officials combating the epidemic that the crisis will soon be passed and that the disease will subside completely within a couple of weeks.

In order that the hold of influenza may be shaken, off the community, however, it is pointed out every one must be zealous in following out the preventive instructions of the health authorities.

Those who died during the past forty-eight hours are Charles Sheaffer of South Seventeenth street, Patrick Clough of Hercules who was brought to a local hospital and Joseph Thomas, El Cerrito butcher, who died yesterday. Clough passed away at 2 o'clock this morning.

EASTERN STAR NAMES OFFICERS

SANTA CRUZ, Oct. 18.—The California Chapter, Order of the Eastern Star, closed its annual convention here last night. Many of the delegates are remaining in Santa Cruz over the week-end to take in some of the points of interest and enjoy the beach. Officers elected at the convention were: Grand marshal, out-

Marie Adler, San Francisco; grand chaplain, Margaret Campbell, Glen Dale; grand conductress, Maud Stegley, Los Angeles; grand associate conductress, Margaret M. Job, San Francisco; grand Adah, Minnie D. White, Oakland; grand Ruth, Ethel Sweetner, Crockett; grand Esther, Irma McDonald, Sacramento; grand Martha, Jessie E. Barrum, Eureka; grand Electa, Isabella Deltrich, San Francisco; grand organist, Ida M. Bennet, Placerville; grand warden, Jennie S. Moore, Santa Cruz; grand sentinel, Edna L. Ocheltree, Marysville.

Pulses in Lake County.

Mr. and Mrs. Charles W. Pulse are visiting with Mrs. Pulse's relatives in Lake county.

BOWEN LEADS ARTISTS IN WAR TORN EUROPE

There is an old saying that a man must leave his home town to be thoroughly appreciated and this is strikingly illustrated in the case of J. S. Bowen, former Richmond painter, who is now serving with the American Expeditionary forces.

Bowen has written frequent letters home but in none has he even hinted of the remarkable work that he is doing. Bowen is camouflaging and he is doing it so remarkably well that he has been put in charge of one of the numerous French forces engaged in fooling the enemy.

Two Richmond boys have touched on his work in their letters from the front. One told of how he painted a farm scene to camouflage an ammunition dump. So realistic was the farm house that even allied fliers were fooled and believed they could see pigs and chickens in the yard.

He is said to be the greatest free hand artist in France at this time and when he recently wanted to pay a visit home he was advised that his services were indispensable.

There is not a doubt but what he will gain a national reputation by reason of his work. Yesterday Mrs. Bowen received a boche and a French helmet from her husband. Both are causing considerable interest.

For Mrs. Bowen let it be said she has more than done her bit by giving up her husband. His salary is small and she is compelled to do household work which she never dreamed of. But she has gone at her daily task uncomplainingly and when the big victory is won she will have the satisfaction of knowing that she gave her all and gave it freely.

Clocks Go Back an Hour In October

The hands of the clock will be turned back one hour on October 27, thereby doing away with the present Nation-wide "daylight saving" plan. Congress has failed to see the necessity of continuing the practice, although it was recommended as a fuel and light saving measure by the War Industries Board. Whether the daylight saving plan will again be inaugurated, after the passage of the winter months will be determined by Congress at some future date.

Beer Brewing Must Cease December 1

WASHINGTON, October 18.—Not even Krausen, or new beer for carbonizing old beer, can be brewed after December 1 under a ruling announced by Food Administrator Hoover and Fuel Administrator Garfield. Brewers had asked that they

be allowed to brew new beer for this purpose after the date fixed by the President for brewing to cease. If necessary to use up the malt and other material now on hand, brewers may use as much of their fuel allotment as they choose between now and December 1, it was announced. However, for the purpose of refrigeration after December 1 it is considered that the allotment of fuel under the order of last July 3 is sufficient, and it will be necessary for the brewers to save sufficient fuel out of their allowance for refrigeration purposes.

Bay Point Workers Organize Glee Clubs

A glee club is being formed by the employees of the Bay Point yard, and F. D. Tandy has been designated the leader. Several men with more than ordinary talent have already entered their names and it is intended to make the organization one of the best among the shipyards. Rehearsals will be started at once with the object of giving public concerts in the near future.

"Is Your Name Written Here?"

Mrs. Claude Clark III, Mrs. C. E. Clark, wife of the manager of the East Bay Water Company, is recovering in the University Hospital, San Francisco, from an operation performed a few days ago.

Y. M. L. Deputies. Anthony Silva of Council No. 614, Y. M. L. of Oakland, has been appointed deputy district clerk for the Richmond and Oakland district.

Mrs. Mary Carr, 33 Nichol avenue, has received word that her son, McCauley Carr, has arrived safely in France. He left Fort Leavenworth early in September with Signal Corps, Ninth Depot Battalion, Co. U.

"Full Speed Ahead," the plant paper, which was recently started by and for the employees, is prospering and growing, and the editors have announced that it will be issued twice a month in the future.

Open Air Church Service May Be Help, Says Bishop

Archbishop Hanna has made a suggestion to the Catholic clergy regarding services during the influenza epidemic which may be followed by all churches Sunday. The Bishop will hold open air services in San Francisco and advises every Catholic to make an appeal to his parish priest to do likewise. Twenty minute masses will be said.

PUBLIC HEALTH NOTICE

On account of the continued great prevalence of the Spanish influenza in this city, without any signs of the diminution at this time, all saloons in this city are hereby ordered to be immediately closed until further notice, also, all parents are notified to keep their children off the streets, as the Police Department has been notified to arrest every child playing on the streets, until further notice.

By order of: CHAS. R. BLAKE, M. D., Commissioner of Health. Dated: Richmond, Cal., Oct. 18, 1918.

IS YOUR NAME

Don Jordan Promoted. Mrs. B. Anderson has received a letter from her son, Daniel J. Jordan, former standard Oil draftsman, who is now with the aero service at Rockwell Field, stating that he has been promoted to a sergenty.

Miss Dutra Bride. A marriage license was issued in Oakland yesterday to Manuel A. Silva, aged 30 years, Dos Pinos, and Albertina Dutra, aged 23, Richmond.

Mead Operated On. A. R. Mead, 449 Eleventh street, operated on last Tuesday for appendicitis at the University hospital, Berkeley, is reported as improving rapidly.

BRITISH TO BE SUBJECT TO DRAFT OF U.S.

Questionnaires for all citizens of Great Britain, who, although registered, have heretofore not been classified to allow them an opportunity to enlist if desired in their own home forces, were released yesterday. From now on citizens of Great Britain, with the exception of Irish or Australians, will be subject to draft by the United States just as they are in their own countries.

By the time the British subject classifications are made, these classifications to follow the same rules as for American citizens. It is expected that orders for the release of questionnaires for men from 37 to 45 years of age, and from 18 to 19, will have been received. The order to send out these questionnaires has been issued in Washington it was reported yesterday. Provost Marshal General E. J. Crowder has ordered that the work of sending out questionnaires for the older men proceed so soon as the classification of the first units, men from 19 to 37, has been completed. Boards will be instructed to release 10 per cent of their questionnaires a day.

SUGAR CURTAILED IN SOFT DRINKS

The use of sugar by the manufacturers of soft drinks and ice cream will be further curtailed during the month of November as the result of new regulations issued today by the United States Food Administration for California.

Under the new rules these manufacturers will be allowed only half of their allotment for October, or 25 per cent of their average monthly consumption during the third quarter of 1917.

Candy manufacturers and other restricted users of sugar in the same class will continue on the same basis as during October, or at their option, on the basis of 50 per cent of their average monthly use for the last six months of 1916 and 1917 combined.

There will be no change in the sugar allotment of bakers, except that they may have the option of having the quantity they used during October or they may have 50 per cent of the monthly average during the last six months of 1916 and 1917 combined.

The new rules are effective November 1.

Uncle Sam and Company

Un-Limited

The biggest "big business" the world has ever seen, or is ever likely to see, is being carried on with the help of Uncle Sam & Company.

It is the business of crushing out Kaiserism—the business of restoring peace by victory — big business indeed!

Uncle Sam & Company - a company that numbers millions of fighters and uncounted millions more of tireless, loyal workers - all putting every ounce of energy into winning the war.

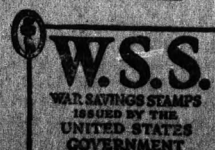

But Uncle Sam & Company is powerless to finish this big undertaking unless we make it OURS in actual fact. We must lend to the limit and then lend some more.

It is your privilege to thrill with the thought that your dollars have gone to make certain the success of this big undertaking.

Don't be just a "shouter", be a "backer"; buy Liberty Bonds. Be a partner in Uncle Sam & Company.

YARD WORKERS GET ADVANCE

Increase of Ten Per Cent Awarded Employees of Oil Companies and East Jersey Railroad.

Notice was posted in the yards of the Tidewater Oil company, Bayonne, N. J., that the company had granted the employees an increase of 10 per cent in wages. The employees of the East Jersey Railroad company, controlled by the company, also benefit, and the increase, which affects 2,900 men, went into effect at once. The increase closely followed a similar raise by the Standard Oil company to its 3,000 employees in Bayonne, Rahway and Jersey City. The total increase by both companies since 1915 is 80 per cent.

LABOR ITEMS OF INTEREST

Two large shipbuilding plants are being erected in southern Chile. They will be ready for operation in September.

One hundred and sixty thousand Yorkshire (England) miners are out on strike. It was estimated. Practically all the pits in West Yorkshire are reported to be idle.

The Plumbers' and Gasfitters' union, Local No. 5 of Chicago, unanimously adopted a resolution to be presented to President Wilson, asking the privilege of using light wines and beers.

The New York municipal civil service commission announced that among steps being taken to fill the vacancies in the police, fire and street cleaning departments was the employment of women street sweepers in outlying districts.

Four thousand employees of the National India Rubber company who returned to work at Bristol, R. L. after being on strike for a month, walked out again. Police and company officials said the strike was ordered by labor leaders and that no wage demands had been presented.

Announcement was made at Louisville, Ky., that unionization of approximately 15,000 shopmen in the employ of the Louisville & Nashville railroad has been completed. Organization of the men, it is said, has been an issue between union organizations and the railroad management for many years.

Six hundred striking decorators in 23 potteries at East Liverpool, O., voted to stand pat on their demands for a 25 per cent wage increase. The possibility of a complete shutdown of the decorating shops is indicated. The manufacturers announced that hereafter only essential ware will be manufactured.

Immediate payment of retroactive awards made to ship workers in settlement of wage disputes was ordered by Charles Pies, general manager of the Emergency Fleet corporation. Failure to comply with the retroactive provisions of the awards, Mr. Pies said, is "fairly general in some yards of all districts."

Officials of the United States Mine Workers appealed to Fuel Administrator Garfield to order coal operators to discontinue payment of bonuses and substitute therefor a flat wage increase. This action was taken after an all-day conference of mine district representatives with President Frank J. Hayes and other national officers of the union.

Albany, N. Y., will be the scene of the 1919 convention of the International Typographical union. If a session is held next year. A referendum will be submitted to the entire membership. The convention adopted a referendum provision for an assessment of five cents a member for money to reimburse subordinate unions for paying dues of members in war service.

An increase of \$235,000,000 a year in wages and bonuses has been secured for British railway men. The secretary of the National Union of Railway men says: "Without once having threatened or attempted a stoppage of work, we have succeeded in improving the condition of our members, at the same time keeping clearly in mind our great responsibility as a transport industry."

The railroad administration is considering the advisability of establishing a uniform pension system for superannuated railway employees, and to aid in studying the subject has instructed each railroad to report details of the system in effect among its employees. Preliminary reports show a wide variety of pension provisions, some of which work injustice on the older employees who are too proud to apply for retirement.

The strike at Bridgeport, Conn., of approximately 1,000 machinists and tool makers in three of the most important war industries in the country, which threatened to broaden and check war production throughout this district, was completely broken at Bridgeport, Conn., when a telegram from Frank P. Walsh, joint chairman of the national war labor board, was received at a meeting of 3,000 of the union men. Mr. Walsh assured them in the telegram that the minimum wage scale asked by the union will be substantially granted in the board's decision.

The Welsh miners are agitating for a shortening of their working day. They are now demanding a six-hour day by legislation.

Pressmen, mailers and stereotypers of the newspaper offices in Toronto have been granted a 6 per cent increase as a war bonus.

Keep It Nourished

TEACHERS PLACED IN DEFERRED CLASS

The War Department has ruled that teachers in the public schools may claim exemption on occupational grounds, according to advice received from the War Department Educational Commission. The ruling follows:

"Teachers who are essential are eligible to claim deferred classification under Section 80 of the selective service regulations and they are encouraged to do so. Such deferred classification should be claimed for them by the educational institutions by which they are employed."

The State is already feeling a shortage in high school teachers in such branches as mathematics, vocational arts, science, manual training, physical education and commercial subjects.

November 27—Redmen's Annual Pow-wow. East Shore Park. Tickets 50 cents. Ladies complimentary. Dancing, free refreshments. Banjo jazz music and dance until 1 p. m.

BELL AND STEPHENS CALL OFF SPEAKING

For the first time in its history California is to enjoy a noiseless campaign for the office of Governor. Theodore A. Bell, independent and Democratic candidate for the office, has announced that the influenza epidemic had caused him to cancel his proposed speaking tour, which was to have opened Monday. The supporters of Governor Stephens hinted at a like decision, but have made no definite announcement as yet.

So California, State of political freaks, will enjoy a speechless campaign. It's an ill wind, etc.

LET MAYERS DO IT Mayers' American Cleaning and Dyeing Establishment at 1116 Macdonald avenue, is so well known in Richmond for many years past that it is probably needless to say that it is the leader in this line of business in this city. If you want your old suit made to look like new let Mayers do it. That's his business, and he knows how. Indecently, he doesn't charge very little. For further information phone Richmond 452. 4t

Mrs. Cramer's Nephew Killed While Hunting

Mrs. T. T. Cramer of Martinez avenue, received word yesterday from Topeka, Kansas, that her nephew, Conroy Bell, was killed while out hunting in Kansas.

Conroy was only 19 years of age and has many friends in Richmond. He and his mother were visitors at the home of Mrs. Cramer three weeks ago and both made a large circle of friend during their stay.

Judge Latimer To Name Economy Board

A new board to be known as the Commercial Economy Committee is to be appointed for Contra Costa county this week by Judge R. H. Latimer, chairman of the local division of the State Council of Defense. This board, which will consist of three members, will have to do with commercial saving in all lines, and it is aimed to have it representative of all sections of the county.

Official Paper of the City of Richmond

CONDITIONS UNDER WHICH THE KAISER SHOULD BE ALLOWED TO LIVE

As long as the flowers their perfume give
So long I'd let the Kaiser live—
Live and live for a million years,
With nothing to drink but Belgian tears,
With nothing to quench his awful thirst
But the salted brine of a Scotchman's curse.
I would let him live on a dinner each day,
Served from silver on a golden tray,
Served with things both dainty and sweet—
Served with everything but things to eat.
And I'd make him a bed with silken sheen,
With costly linens to lie between,
With covers of down and fillets of lace,
And down pillows piled in place;
Yet when to its comfort he would yield,
It would stink with rot of the battle-field,
And blood and bones and brains of men—
Should cover him and smother him—and then
His pillows should cling with the rotten cloy—
Cloy from the grave of a soldier boy.
And while God's stars their vigil keep,
And while the waves the white sands sweep,
He would never, never, never sleep.
And through all the days, through all the years,
There should be an anthem in his ears,
Ringing and singing and never done
From the edge of light to the set of sun,
Moaning and moaning and moaning wild—
A ravaged French girl's bastard child.
And I would build him a castle by the sea,
Then I'd show him a ship from over the sea,
As lovely a castle as ever could be,
As fine a ship as ever could be,
Laden with water cold and sweet,
Laden with everything good to eat;
Yet scarce does she touch the silvered sands,
Scarce may he reach his eager hands,
Than a hot and hellish molten shell
Should change his heaven into hell,
And though he'd watch on the wave-swept shore,
Our Lusitania would rise no more.
In "No Man's Land" where our brave boys fell,
I'd start the kaiser a private hell;
I'd jab him, stab him and give him gas
In every wound I'd pour ground glass;
I'd march him out where our brave boys died—
Out past the lads they crucified.
There is one thing I'd do before I was through:
I'd make him sing in a stirring manner
The wonderful words of "The Star Spangled Banner."
In the fearful gloom of his living tomb,
WHAT ARE YOU DOING NOW?
Now is the time to help the soldiers at

the front. Now is the time to show the men in France fighting for the Americans at home, that you are with them.

What you have done, what you have been makes no difference at this time. What are you doing now? Are you helping to make it possible for those fellows over there to eat, to have arms and ammunition?

"It makes no difference what you were, it's what you are today."

It's what you are doing today that counts, that will count with the 2,000,000 men in France when they come marching home.

They will not care what you did 10, 20, 30 or 40 years ago, the all important question will be: Did you help out with your money during the time we were in France?

Unless your skin is as thick as a walrus' hide you'll feel mighty small when the Americans come marching home.

Get in and give. You may be too old or too young to fight, but every Liberty Bond you buy, makes it easier to lick the kaiser and that is the important thing at this time.

What are you doing now?

ANENT THE SLACKER

There are here in Richmond many men who are needed in the town. There are many men who are too old to fight, and there are some who for other and divers reasons are not in the army. Without these men, the commercial business of the town would suffer, or their families would be in want. The government wants neither of these things to happen.

It is their patriotic duty to remain at home, no less a person than President Wilson has said so.

It is laudable to want to fight. But there are lots of men fighting, and splendid soldiers, too—who weren't crazy to go to war, they saw their duty and did it.

Now there is work for the men who stayed here in Richmond to do; work that is equally as patriotic as fighting and equally as necessary.

Over the Top with that Liberty Bond.

MILES OF FILM

The average weekly shipment of films to France is more than fifteen miles. The average weekly attendance is placed at 2,500,000. Every show is free and is under the direction of the Y. M. C. A., K. of C. or one of the seven welfare organizations recognized by the government. To maintain this work for the soldiers and sailors a drive for funds will be made by the United War Work Campaign November 11 to 18.

TONS OF SUPPLIES

Every week more than 500 tons of supplies for the boys overseas leave Atlantic ports for France. These supplies are shipped by the welfare agencies working for soldiers and sailors. To maintain this work and to increase it to meet the needs of the two million men over there, a united campaign for funds will be made by the Y. M. A., Y. W. C. A., K. of C., Salvation Army, American Library Association, War Camp community Service and Jewish Welfare Board. The sum of \$170,500,000 must be raised in the week of November 11th.

Conserving Electricity

Patriotism demands that you save electricity for war industries.
THESE WAR INDUSTRIES MUST HAVE POWER.
There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off your lights when ever possible and use lower power lamps.
